FIRST SESSION

THURSDAY EVENING, MAY 2, 1968 — 7:00 P. M. SHARP

Lots 1 - 581

---

U. S. COLONIAL COINS

MASSACHUSETTS SILVER

Lot No. 1

- 1 **1652 Oak Tree Shilling.** Noe 9. Fine, with a nice sharp and clear tree. Small planchet defect on lower part of planchet. Some clipping and a weak portion on the lower right and correspondingly on the reverse. Excellent for the "type" collector. The Stearns specimen was holed and mutilated. We feel this specimen is worth \$300.00.
- 2 **1652 Oak Tree Sixpence.** Noe 22. A nice Fine, softly struck on the left side, but with full tree and legend. Highly sought after as a type.

Lot No. 3

- 3 **1652 Oak Tree Threepence.** The obverse of Noe 27, the reverse more closely resembling Noe 26 in a late die state. An important coin for the specialist as well as the "type" collector. Very Fine, with most devices clear and sharp. Worth \$400.00.

## U. S. COLONIAL COINS

- 4 **1652 Oak Tree Twopence.** Noe 30. Small date. A nice Very Fine with full legends and most devices clear. Under-rated and seldom offered. Well worth a bid of \$300.00.

Lot No. 5

- 5 **1652 Pine Tree Shilling.** Noe 2. Large planchet. Straight branches. An excellent well struck example of this scarce type. Fully Extremely Fine with the tree sharper than normally seen. Well worth a bid of \$500.00 or more as the Jay coin, only Very Fine, realized \$450.00.

Lot No. 6

- 6 **1652 Pine Tree Shilling.** Noe 19. Small planchet. Small tree. Another sharp, well struck Shilling. Nicely centered with but a few of the border beads not struck up. About Uncirculated with mint lustre. By far better than either the Bartlett or Bolt coins. Worth close to \$500.00.

Lot No. 7

- 7 **1652 Pine Tree Sixpence.** Noe 33. Obverse struck off-center as usual, reverse perfectly centered. Very Fine. A very acceptable "type" coin and a difficult denomination to locate.

- 8 **1652 Pine Tree Threepence.** Noe 36. Very Fine. A trifle bent so that the final "S" is worn off. A few minor digs but a nice coin over-all. Worth \$300.00 or so.

## ROSA AMERICANA

- 9 1722 Rosa Americana Halfpenny. The very scarce D:G:REX. variety. U's cut over V's. Very Fine. Struck on a porous planchet.
- 10 1722 Rosa Americana Halfpenny. The Uncrowned Rose type. Very Good, nearly Fine.

## U. S. COLONIAL COINS

*Lot No. 11*

- 11 1722 **Rosa Americana Penny.** The 722 of the date entirely recut. Extremely Fine, tan to steel, choice. Worth \$200.00.
- 12 1722 **Rosa Americana Twopence.** Period after REX. The reverse type in which only the top part of the label is used. A sharp, clear Very Fine, even chocolate and steel. Really choice.
- 13 1722 Rosa Americana Twopence. No period after REX. A strong Good, nearly Very Good. Scarce.
- 14 1723 Rosa Americana Penny. The Crowned Rose type with no period after date. Very Fine, golden and tan.
- 15 1723 Rosa Americana Twopence. Period after REX and date. The rarest of the 3 types. Extremely Fine, porous planchet, tan blending with steel. Worth \$185.00 or so.

## WOOD'S COINAGE

*Lot No. 16*

- 16 1722 **Woods Halfpenny.** Type I, harp left. The rarest of this type with 7 harpstrings. About Uncirculated with a proof-like surface. Medium brown with traces of faded mint color in the letters. Really a gem specimen. Worth \$200.00 or more.
- 17 1722 Woods Halfpenny. Same type as above but with 9 harpstrings. Very Fine. Well struck with a few planchet defects.
- 18 1723/2 Woods Halfpenny. A nice clear Fine to Very Fine example of this scarce overdate. Even natural dark brown.
- 19 1723 Woods Halfpenny. 12 harpstrings and 2 periods. Scarce. Fine, mottled black-brown.
- 20 1723 Woods Farthing. Regular legends with 9 harpstrings. A nice strong Very Fine, chocolate brown.
- 21 1723 Woods Farthing. As above but with 10 harpstrings. A nice chocolate Very Fine.

- 22 1723 Woods Farthing. As above but with 12 harpstrings. A nice Very Fine, chocolate brown.
- 23 1724 Woods Farthing. Period after date. Much scarcer than catalogs indicate. Fine to Very Fine. Cleaned years ago, now toning to a lovely tan.

### CONNECTICUT

- 24 1785 Connecticut. Miller 6 (4) - F (5). Mailed bust right. RARITY 5. The obverse Very Good, the reverse Good with some planchet defects.

*Lot No. 25*

- 25 **1785 Connecticut.** Miller 6 (2) - F (1). Rarity 4. Mailed bust right. A choice Very Fine but for a small old scratch on the reverse. Even chocolate with clear surfaces.
- 26 1787 Connecticut. Miller 6 (1) - M. The "Laughing Head." Very Fine and a popular type coin. Nicer than usual.
- 27 1787 Connecticut. Miller 43 (1) - Y. The CONNFC variety. Very Fine, all legends and date clear and sharp. The head on the reverse is weak.
- 28 1788 Connecticut. Miller 2 - D. Mailed bust right. Fine-Very Fine but defective flan at the left obliterating the top of 'AUCTORI'.
- 29 1788 Connecticut Miller 11 - G. Mailed bust left. Fine-Very Fine, although a trifle weak on the reverse.

### MARK NEWBY

- 30 **N. D. Mark Newby Farthing, with brass plug.** The very scarce variety with a bird under the kneeling king. A nice Fine, nearly Very Fine. The Very Fine Bolt specimen realized \$115.00.

- 169 1793 S. 3. Chain type. AMERICA. Fine to Very Fine. Sharply struck, the planchet a trifle uneven. Some obverse and reverse edge bruises and some scraping on "NI" of "UNITED." A very presentable type coin with a warm natural chocolate color.

Lot No. 170

- 170 1793 S. 11b. Lettered edge, double leaf. A nice strong Fine, nearly Very Fine. A thin barely noticeable ribbon-like planchet defect nearly bisects the coin. Tiny bright spot on high point of the hair from being in an album. Really a very pretty coin which will fetch many hundreds of dollars.
- 171 1794 S. 22. The "Bent Lock" variety. The obverse a sharp Good, nearly Very Good. The reverse Good. Some edge dents obverse and reverse. Mostly chocolate in color.

## U. S. LARGE CENTS

- 173 1794 S. 25. The "Separated Date." Very Good, mostly coal-black with some copper areas. The surface somewhat porous. A Rarity 4 item.
- 174 1794 S. 28. The "Ornate" variety. The obverse is Fine to Very Fine with some old light scratches about the date, the rest of the surface superb. The reverse is Fine but weakly struck with a few minor areas of pitting. The coin is a rich chocolate with a nice appearance.
- 175 1794 S. 30. The "Amiable Face." The obverse Fine to Very Fine, the surface a trifle rough. The reverse is Very Good with some areas of pitting. Most of the coin is tan and black.

Lot No. 176

- 176 1794 S. 31. The "Long Fraction Bar." Extremely Fine. Struck on a slightly porous planchet, a few minor planchet defects on the rim barely worthy of mention. The coin is steel-black and really a beauty.
- 177 1794 S. 32. The "Venus Marina." Strictly Fine, with a **Perfect Reverse**. Weakly struck on the right portions obverse and reverse (as is the case with all known specimens). A lovely natural chocolate.
- 178 1794 S. 43. The "Short Bust." A splendid Very Fine specimen with but one old pit in the forehead. Really a choice specimen, even tan color.
- 179 1794 S. 43. Another of the "Short Bust." Very Good, or nearly so. The coin has a hazy appearance due to it being finely pitted over-all. Coal black.
- 180 1794 S. 44. From the same obverse as above. Strictly a nice Fine and rather well struck. Even chocolate with an edge ding obverse and reverse.

Lot No. 181

- 181 1794 S. 49. Similar in style to the other "Short Bust" series but with finer features. A nice Extremely Fine specimen with rather clear surfaces (no nicks or scratches). Coal black, and really a lovely cent.

## U. S. LARGE CENTS

- 182 1794 S. 50. The "Short Bust" with the detached lower lock. A strong Fine with some scratches obverse and reverse. This coin (R-6) would be in the Condition Census were it not for the scratches.
- 183 1794 S. 55. The "Slanting 7." Fine, an even tan with some pitting obverse and reverse. Still a very attractive cent. As a Rarity 3 it should attract considerable bidding.
- 184 1794 S. 57. The "Pyramidal Head." A nice Fine, with an even light chocolate tone.
- 185 1794 S. 58. The "Many Haired." A strong Fine, bordering on Very Fine. Mostly tan with some darker area on the obverse. Some rim nicks obverse and reverse.

Lot No. 190

- 191 1794 S. 67. The "Roman Plicae." Good to Very Good but noticeably pitted over the entire coin. Actually the coin really did not circulate that much.
- 192 1794 S. 70. In the style of the "Head of '95." Very Fine, but a considerable number of edge dents are apparent. A nice olive-steel color.
- 193 1794 S. 72. The "Head of '95." Very Good, lightly pitted over-all with some edge dents.

Lot No. 197

- 197 1795 S. 76b. Plain edge. ONE CENT high in wreath. About Uncirculated, rich glossy olive and steel with faint traces of mint color. Perfectly centered and struck. Probably nicer in appearance than some of the Mint State specimens.
- 198 1796 S. 81. Liberty cap. The obverse a nice sharp Good, the reverse Fair.

**THE SECOND FINEST KNOWN 1796 S. 111**

*Lot No. 205*

- 206 1796 S. 111. Draped bust. Another, but in Fair.
- 207 1797 S. 121. Gripped edge, reverse of '96, Fair; 1800 S. 200. Good. 2 pieces.

**ONE OF THE FINEST KNOWN 1797 S. 125**

*Lot No. 208*

- 208 **1797 S. 125.** Stems. One of the finest known if not the finest. The heavy swelling and suction marks are of course obvious, however, the "F" and "A" are strong. The coin is Extremely Fine or nearly so, even chocolate. There is a small gouge on the reverse from the bottom of the "T" in "UNITED" to the leaf under "ED". A Rarity 7 and worthy of the finest cabinet.
- 209 1797 S. 130. Stems. A sharp Very Fine with the pronounced break from the edge into the field. A nice brown-olive-black.
- 210 1797 S. 131. Stemless wreath with the curved obverse break. Very Fine, black-brown. Slightly rough surface. Scarce "type" coin.

## U. S. LARGE CENTS

### A SPLENDID 1798 - SHELDON 179

Lot No. 215

- 215 1798 S. 179. Small date. A beautiful specimen, just a whisper away from full Mint State. Some light contact marks before and on the throat. This magnificent coin is wholly faded from mint color with a hint of olive-green iridescence. Certainly equal to the 4th finest known.
- 216 1799/8 S. 188. The famous overdate. A borderline Good with most of the devices apparent. The date is clear and sharp. Rare and in great demand by the "type" collector.
- 217 1799 S. 189. Good. "UNITED STATES" a trifle weak. The date and the diagnostic mint chip on the reverse are bold. Greenish-black in color. Rare and in demand.
- 218 1800/1799 S. 192. The compact overdate. An upper range Fine, chocolate and steel.

## U. S. LARGE CENTS

---

Lot No. 219

- 219 1800 S. 206. Extremely Fine, olive-steel. The obverse nicer than the reverse. Small planchet clip below the final cipher of the date just about touching it. In a way this adds to the charm of these old cents.
- 220 1801 S. 216. Blunt 1's. Very Fine but cleaned and recolored. The coin has a ghastly appearance but perhaps in time it will tone nicely.
- 221 1801 S. 216. Blunt 1's. Fine, the obverse softly struck.
- 222 1801 S. 219. The famous "Three Errors Reverse." Very Fine, somewhat dull in appearance. The surface slightly rough. Still a presentable specimen.

- 224 1801 S. 221. The corrected fraction 1/100 over 1/000. A nice Very Good.
- 225 1801 S. 222. Blunt 1's. Very Fine, coal-black.
- 226 1801 S. 223. Fraction 1/000. Fine, although bluntly struck, probably due to a rapid deterioration of the die. This shows the heavy rim break on "RT."
- 227 1801 S. 224. Blunt 1's. Very Fine, coal-black, porous surfaces.
- 228 1802 S. 225. A sharp Fine, just bordering on Very Fine. Rim break below date (a scarcer die state).
- 229 1802 S. 228. Fraction 1/000 Fine, or a little better, with some pitting; 1802 S. 241. Stemless wreath, double fraction bar. Good to Very Good. 2 pieces.

- 235 1802 S. 239. A choice Very Fine specimen with the crack before the face. Brown and steel with perfect surfaces.

## U. S. LARGE CENTS

### A MAGNIFICENT 1803 S. 243

Lot No. 236

- 236 1803 S. 243. Stemless wreath. Double Fraction Bar. **Brilliant Uncirculated Gem.** **Original Mint Red.** Some of the mint color is just starting to subdue with light iridescence, 75% color still remains. There are two tiny planchet chips opposite the bust. The Helfenstein specimen which was billed as the finest known and absolutely incomparable now has a running mate for top honors. This specimen has much more mint color than the Helfenstein specimen and is as well struck. It is up to the buyer as to whether or not the mint chips make this equal to or the second finest known. The Helfenstein specimen realized \$2,800.00 in 1963. We feel this splendid coin is worth that record price. **This is truly the highlight of this collection.**
- 237 1803 S. 244. Small date, small fraction. Good, a few light scratches; 1807 S. 274, Good, the surface a trifle rough. Both coins are listed as Rarity 5. 2 pieces.
- 238 1803 S. 245. The "Unicorn" variety. A strong Very Fine with a few obverse scratches. Scarce.
- 239 1803 S. 246. Small date and fraction. The "High Numerator." Good; 1807 S. 271. The "Comet" variety. Good. 2 pieces.
- 240 1803 S. 253. Small date and fraction, Fine; 1803 S. 261, Small date, large fraction, Fine or better but corroded and scratched. 2 pieces.
- 241 1803 S. 258. Small date, large fraction. Without the arc-like obverse crack. Extremely Fine, olive and steel.

### RARE 1804 CENT

- 242 1804 S. 266. Perfect dies. Strictly Fine, close to Very Fine, but the surface is rough due to uniform light pitting. More than likely struck on a porous planchet to start with. It is a very presentable specimen of this rare date.
- 243 1804 S. 266. Broken obverse and reverse die. The obverse is nearly Very Good, the reverse Good. Nice sharp date.
- 244 1805 S. 269. Pointed 1. About Uncirculated, olive and tan. Tiny nick on the cheek and a small cut on the reverse on the "F" and in the field adjacent to it.
- 245 1805 S. 269. Pointed 1. Another. A superb Very Fine, light steel and iridescent.

*Lot No. 246*

- 246 **1806 S. 270.** Extremely Fine, some old light scratches on the obverse. Still a lovely coin with faint traces of faded mint color. Very scarce and in demand.
- 247 1806 S. 270. Another. Strictly Very Fine, even chocolate with superb surfaces.
- 248 **1807/6 S. 273.** The large overdate. A very choice About Uncirculated specimen with glossy steel and iridescent surfaces and some faded mint color. One tiny rim nick does not alter the beauty of this coin.
- 249 1807 S. 275. Large fraction. A sharp Very Fine, black and brown. Very scarce.
- 250 1807 S. 276. Large fraction. Very Fine, chocolate and steel.
- 251 1808 S. 278. The 13 star variety. Extremely Fine, nicely struck. An old scratch over the head to the rim. This is the rarest variety of 1808.
- 252 1808 S. 279. The 13 star variety. A sharp Very Fine, but the surface is porous.

#### VERY RARE 1809 CENT

##### ONE OF THE FINEST KNOWN

*Lot No. 253*

- 253 **1809 S. 280. Uncirculated Gem.** This coin is one of the highlights of the entire Van Roden Collection. The obverse of this fantastic specimen is faded mint red and olive. The reverse faded mint red with some light sea-green iridescence. The surfaces are immaculate. The coin is from the Mathewson Collection sold in Boston in 1955. It was obtained later from Mrs. Dorothy Paschal by Mr. Van Roden. This date was not represented in the Helfenstein Collection. Easily one of the top 5 Mint State specimens known. Worth \$2,000.00 or more.
- 254 **1809 S. 280.** Another specimen. This coin is a strong Very Fine, dark steel and tan. Small patch of incrustation on the denomination. A rare date.
- 255 **1809 S. 280.** A third specimen. A strong Fine, just a shade from Very Fine. Glossy brown and steel.
- 256 1810/9 S. 281. A sharp Very Good.

- 261 1811 S. 287. Very Fine, dark brown, beautiful surfaces.
- 262 1811 S. 287. Another. Extremely Fine, steel and chocolate. Unfortunately a large letter "L" was neatly engraved in the field opposite the mouth and chin. Really a pity.
- 263 1812 S. 288. Small date. Very Fine, nearly Extremely Fine. The surface is uniformly finely pitted. Nice dark steel toning.
- 264 1812 S. 290. Small date. About Uncirculated, even rich reddish-dark brown and olive. A very pretty coin!

## A UNIQUE OFFERING OF SPECIMEN DEMAND NOTES

Demand Notes were issued in 1861 in denominations of \$5.00, \$10.00, and \$20.00 only. The notes were payable "on demand" by the Assistant Treasurer at New York and at the Sub-Treasuries in Philadelphia, Boston, Cincinnati, and St. Louis. The notes were originally signed by employees of the Government with their own names "For the Register" and "For the Treasurer." Later the plates were changed to read "For the Register of the Treasury" and "For the Treasurer of the United States."

The following group of Specimen Notes are from the new plates. These Specimen Notes were probably sent by the American Bank Note Company to the Treasury for their approval. All are printed uniface on India Paper on card. The obverses are punched where the signatures would appear. All of the serial numbers are composed of 5 ciphers.

## A SUPERB 1881 PROOF

## QUARTER EAGLE

Lot No. 783

- 783 1881 **Brilliant Proof.** Just about pristine example of this very rare Quarter Eagle. Only 51 coined out of a total issuance of 691. There is one minuscule hairline before the face that only can be seen by holding the coin in a certain light. Truly an outstanding coin. Better than the Wolfson or Bolt coins, the latter at \$900.00.
- 784 1882 **Brilliant Proof.** Just the lightest touch of friction in the field and a few minor rim nicks.
- 785 1882 Extremely Fine, some scratches and handling marks.
- 786 1883 **Brilliant Proof.** Deep yellow gold, a few insignificant marks in the field. Partial wire edge.
- 787 1883 Very Fine, slightly bent. Very scarce, only 2,002 coined.
- 788 1884 Proof, slightly impaired. It probably saw circulation for perhaps a day.

## A PRISTINE 1885 PROOF

## QUARTER EAGLE

Lot No. 789

- 789 1885 **Brilliant Proof.** A pristine example, as perfect as the day it was struck. Fully worth its current listing.
- 790 1886 Brilliant Uncirculated. A "First Strike." Fully proof-like. Usual light bag abrasions in the field.
- 791 1887 Brilliant Uncirculated. Some suggestion of a proof-like surface, light bag abrasions as above.
- 792 1888 Brilliant Uncirculated, Proof-like, "First Strike." Tiny planchet defect in front of the eagle's neck. A touch of rubbing in the field (which always seems magnified on these proof-like coins).
- 793 1889 Brilliant Uncirculated. A "First Strike" with proof-like surface.
- 794 1890 Brilliant Uncirculated gem. A magnificent proof-like specimen. Worth more than its listed price of \$140.00.
- 795 1891 Brilliant Uncirculated. Proof-like surface, but noticeably bag marked.

## U. S. \$2.50 GOLD

### A GEM PROOF 1892

#### QUARTER EAGLE

- 796 **1892 Brilliant Proof.** A gem specimen of this rare coin struck in a deep yellow gold. Lacking in the Wolfson Sale which was just about complete in Proof from the \$1.00 to the \$20.00. Well worth a bid of \$650.00 or more.

- 815 1903 Brilliant Uncirculated. A superb specimen.
- 816 1904 Brilliant Uncirculated, fully proof-like. Probably the most deceptive "First Strike" in the entire collection. The only clue is the lack of proof surface between the strips on the shield.
- 817 **1905 Brilliant Proof.** Just a hairline or two from being a gem.

## U. S. \$2.50, \$3.00 GOLD

---

- 818 1905 Brilliant Uncirculated. A choice specimen.

## THE RARE 1877 THREE DOLLAR GOLD

Lot No. 845

- 845 1877 Extremely Fine. Proof-like surface in the letters and about the profile giving the coin a halo-like effect. Rarer than its mint record of 1,488 would indicate. This specimen should easily fetch \$750.00 or so.

## RARE 1879 BRILLIANT PROOF

Lot No. 847

- 847 1879 Brilliant Proof, two-tone effect. A few tiny marks in the field where it might have come in contact with others during a brief stay in circulation. A lovely coin!

Lot No. 858

- 858 1796 The first year of issue and the only year of this type of Quarter Eagle. Draped bust of Liberty right. **NO STARS** in the field. Reverse: Heraldic Eagle. Very Fine or perhaps better. Perfectly centered but weakly struck in the centers with planchet adjustment marks in the weaknesses (obviously the mint employee had a heavy hand with the file). This was done at the mint and really should have little bearing on its value. We feel this specimen should certainly fetch \$4,250.00 or more.

Rare 1908 Matte Proof Quarter Eagle

THE EXCESSIVELY RARE

1870 'CC' DOUBLE EAGLE

Lot No. 951

- 951 **1870 'CC'** The first year of issue at Carson City. Extremely Fine with the usual bag marks prevalent on these large coins. This coin, along with the 1854 'O' and 1856 'O' (also in this sale) comprise the three great rarities in the Liberty Head series struck for circulation. One of the most difficult of all Double Eagles to obtain. The last appearance at Public Auction was at the Wolfson Sale, sold by us in 1962. All records are too archaic for practical use today. We do know of 3 transactions where similar specimens sold for just under \$10,000.00. We fully expect this coin to realize \$9,500.00 or perhaps break a record.
- 952 1870 'S' Very Fine.
- 953 **1871** A superb About Uncirculated specimen. Mint lustre with some proof-like surface. Fully equal to the Copeland specimen at \$190.00.

RARE 1871 'CC' DOUBLE EAGLE
